

image of the colour (sunlight)

PLAN 01 infinite light

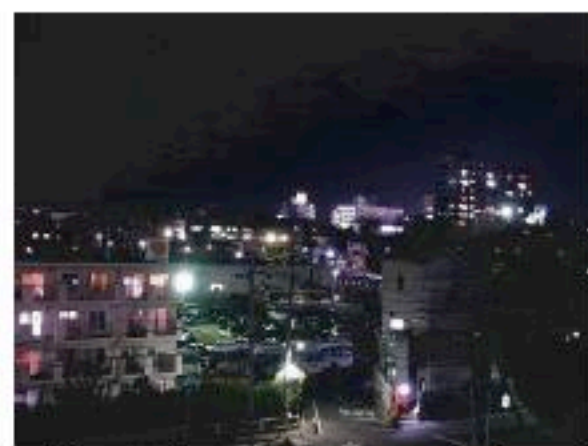

Sunlight is transformed into colours through colour sheets on station windows and projects moving brightness-changing colour bars on the platform.

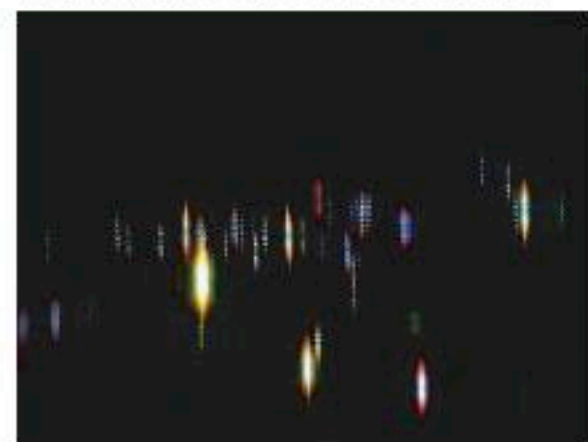

examples of the artist's works

PLAN 02 Rainbow Train

Carriage windows are covered with special sheets which create optical illusion. The lights through this sheet will look like rainbows. You can enjoy unusual view from usual train.

without the sheet : usual view

with the sheet : " rainbow " view

creating rainbow with prism

workshop with kids

PLAN 03 Workshop with Kids

This workshop allows children to experience creating rainbows with prism and transforming sunlight into colours by sticking sheets on windows.
